This book brings forth insight to the reasoning of our existence and raises controversial issues regarding our economic societies from philosophical and spiritual points of view. We as humanity are slowly falling into chaos, and we need spiritual light to help guide us to a better world.

Many of us are oblivious to our conscious awareness and place here in the world, as we continue to keep our minds occupied by society. Let us recognize the universe from a spiritual perspective as we reflect on the beauty that lies within our own conscious existence. The recognition of your spiritual consciousness will arise above the material consciousness, thus freeing your mind to come to peace despite the evil desires influenced by our materialistic societies.

There is beauty and peace inside all of us. We just have to let go of our earthly egos and let our spiritual consciousness take its place, to help us better understand our existence.
