## On the Dignity of Man (Hackett Classics) Giovanni Pico della Mirandola

Reflecting the broad range of interests of a major Renaissance philosopher and his distinctive brand of syncretism, this anthology offers in their entirety three central works of Pico's. *On the Dignity of Man*, the quintessential expression of Renaissance humanism, appears in the context of two lesser known but equally representative mature works: *On Being and the One*, a treatise defending what Pico held to be the agreement between Aristotle and Plato on the relation between unity and being, and *Heptaplus*, an interpretation, influenced by a blend of cabalism and Christian doctrine, of the first verses of Genesis. New Selected Bibliography.
