This book is about how a particular day on a farm takes an unexpected turn of events. The group of farm animals awaken one day and look forward to eating freshly picked corn for dinner. However, due to the rising temperature as the day progresses, something completely unexpected happens. To the animals' surprise, the corn in the fields begins to pop, and before they know it, popcorn is flying all over the farm. Instead of enjoying corn for dinner, the evening turns into a movie night with freshly popped popcorn for all to enjoy. Even though the day turned out differently than anticipated, everyone went to bed happy that evening.
