As a pupil, I exactly feel bored to help reading. If their teacher questioned them to go to the library or make a summary for some guide, they are complained. Just small students that have reading's internal or real interest. They just do what the educator wants, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is to get complicated. A book is very important in your case.
