The Consultation in Phytotherapy: The Herbal Practitioner's Approach to the Patient Peter Conway

The Consultation in Phytotherapy considers the means by which the herbal practitioner can seek to appreciate the patient's predicament. Written for both herbal medicine students and practitioners, the book takes a radical approach, challenging readers to reflect on the nature, scope and methods of the consultation in herbal practice. The author asserts that the effective consultation represents a therapeutic act in and of itself, and proposes strategies for maximising and realising this therapeutic potential. The book provides both a complement to, and a critique of, mainstream texts on clinical diagnosis and case management. It contrasts the herbal consultation with that occurring in conventional medicine and offers rationales, arguments and tools aimed at developing an enhanced capacity to achieve profound results in the herbal clinical encounter.
