Finding Your Plot in a Plotless World: A Little Direction Daniel de Roulet

How do we find meaning when our sense of God's plan for our lives falls apart? Daniel de Roulet found himself asking that question nine years ago when his son was diagnosed with autism. In *Finding Your Plot in a Plotless World*, de Roulet takes a closer look at those moments in which we lack direction, feel disconnected, and search for answers--moments when the world seems plotless and we can't find our place. He explores the role that storytelling plays in helping us to recover God's plot for our lives. "There are times for all of us, Christian and non-Christian alike, when the world seems dark and senseless and morning seems far off, and these times are often when God's plot is the most relevant," writes de Roulet. By linking stories from the Bible with our own cultural stories--through fiction, film, poetry, and song--he walks with us on a journey toward purpose and meaning within God's story. De Roulet's message will resonate with twenty-first-century Christians who live in a postmodern world that connects more closely with story than modernist arguments of faith. This book will help them bridge the divide many have built between spiritual and secular realms to allow biblical stories and our culture's stories to enter into dialogue with one another. The result is a book that encourages us to be authentic as we tell our stories and leaves us with hope that God reveals himself through our messy lives.
