Matriarch (The Wess'har Wars) Karen Traviss

In thirty years, the invincible *Eqbas* will arrive at Earth to forcibly return the planet to what it once was—as retribution, in part, for the *gethes*' thoughtless near-extinction of an alien ocean-dwelling species. First, however, another world requires their attention: the crowded, ecologically ravaged planet of the swarming, insect-like *isenj*. Efforts to drastically reduce the *isenj* population have sparked a devastating civil war—which may well do the savior/destroyers' work for them. And the human visitors can only watch.

Rendered immortal and ever changeable by a parasite in her blood, ex-cop Shan Frankland isn't content merely to play Matriarch to her two similarly infected mates—one earthborn, one alien *wess'har*. Her fears for the future of Umeh and the ultimate fate of humankind must be set aside while she tackles an unfulfilled duty that haunts her every waking moment—a mission that must be undertaken for the sake of the future—and pursues a righteous vengeance.
