If the world seems more violent these days, it's not your imagination—there's far too much aggression, coercion and deceit. And powerful institutions such as corporations and governments are getting better at hiding and rationalizing the harm they do. But it doesn't have to be that way: Trauma Bond: An Inquiry into the Nature of Evil shows how breaking free of the cycle of aggression and violence starts with you, and can start today.

When aggression becomes evil, it turns into an extraordinarily dangerous and malignant force that threatens to destroy the planet. This fascinating book demonstrates at length how aggression and evil replicate themselves in the world, and how we can break free from the toxic cycle of psychological and physical violence. We can begin this process today, in order to make this world safer, both for ourselves and for our children.
