Discovering and Developing Molecules with Optimal Drug-Like Properties (AAPS Advances in the Pharmaceutical Sciences Series)

Discovering and Developing Molecules with Optimal Drug-Like Properties (AAPS Advances in the Pharmaceutical Sciences Series)

This authoritative volume provides a contemporary view on the latest research in molecules with optimal drug-like properties. It is a valuable source to access current best practices as well as new research techniques and strategies. Written by leading scientists in their fields, the text consists of fourteen chapters with an underlying theme of early collaborative opportunities between pharmaceutical and discovery sciences. The book explores the practical realities of performing physical pharmaceutical and biopharmaceutical research in the context of drug discovery with short timelines and low compound availability. Chapters cover strategies and tactics to enable discovery as well as predictive approaches to establish, understand and communicate risks in early development. It also examines the detection, characterization, and assessment of risks on the solid state properties of advanced discovery and early development candidates, highlighting the link between solid state properties and critical development parameters such as solubility and stability. Final chapters center on techniques to improve molecular solubilization and prevent precipitation, with particularly emphasis on linking physiochemical properties of molecules to formulation selection in preclinical and clinical settings.

From reader reviews:

Aaron Tyler:

In this 21st centuries, people become competitive in each and every way. By being competitive at this point, people have do something to make them survives, being in the middle of the actual crowded place and notice through surrounding. One thing that sometimes many people have underestimated this for a while is reading. That's why, by reading a reserve your ability to survive enhance then having chance to stand than other is high. In your case who want to start reading a new book, we give you that Discovering and Developing Molecules with Optimal Drug-Like Properties (AAPS Advances in the Pharmaceutical Sciences Series) book as beginning and daily reading book. Why, because this book is greater than just a book.

Patricia Ables:

The e-book with title Discovering and Developing Molecules with Optimal Drug-Like Properties (AAPS Advances in the Pharmaceutical Sciences Series) includes a lot of information that you can learn it. You can get a lot of help after read this book. That book exist new knowledge the information that exist in this e-book represented the condition of the world at this point. That is important to yo7u to understand how the improvement of the world. That book will bring you with new era of the the positive effect. You can read the e-book on the smart phone, so you can read that anywhere you want.

Donald Sams:

People live in this new day of lifestyle always try and and must have the extra time or they will get large amount of stress from both daily life and work. So , when we ask do people have free time, we will say absolutely yes. People is human not a robot. Then we question again, what kind of activity are there when the spare time coming to you of course your answer may unlimited right. Then do you ever try this one, reading guides. It can be your alternative within spending your spare time, typically the book you have read will be Discovering and Developing Molecules with Optimal Drug-Like Properties (AAPS Advances in the Pharmaceutical Sciences Series).

Julie Tice:

Beside this particular Discovering and Developing Molecules with Optimal Drug-Like Properties (AAPS Advances in the Pharmaceutical Sciences Series) in your phone, it may give you a way to get more close to the new knowledge or info. The information and the knowledge you will got here is fresh in the oven so don't become worry if you feel like an older people live in narrow small town. It is good thing to have Discovering and Developing Molecules with Optimal Drug-Like Properties (AAPS Advances in the Pharmaceutical Sciences Series) because this book offers to you readable information. Do you occasionally have book but you seldom get what it's facts concerning. Oh come on, that won't happen if you have this with your hand. The Enjoyable arrangement here cannot be questionable, just like treasuring beautiful island. Use you still want to miss this? Find this book and read it from at this point!
