## Geoffrey of Monmouth and the Translation of Female Kingship (Arthurian and Courtly Cultures)

Fiona Tolhurst

*Geoffrey of Monmouth and the Translation of Female Kingship* provides the first feminist analysis of the part of *The History of the Kings of Britain* that most readers overlook: the reigns before and after Arthur's. Fiona Tolhurst demonstrates that Geoffrey not only creates precedents for the future reign of Empress Matilda in England but also presents female rule as an attractive and beneficial alternative to male immorality and incompetence. Her study adds a new dimension to contemporary scholarship by proposing that the word 'feminist' can be used to describe this history that - in contrast to the works of Geoffrey's predecessors, redactors, and early translators - presents female rule positively.
