Like throwing jelly at a wall, poor communication never sticks.

Too much information and not enough relevance is a problem that pervades almost all business communication. So what's the answer? More relevance and a lot less jelly.

The Jelly Effect teaches you simple, memorable and costless ways to win more attention and more business. Imagine how effective you'd be if you communicated only what was relevant 100 percent of the time. You would be better at talking to others, presenting, networking and selling. You would excel in interviews, meetings and pay-rise discussions. The benefits would be endless.

The Jelly Effect will show you how to get the best out of any situation, whether you're speaking to an individual or a group, formally or informally, inside or outside your organisation. By the time you close the final page of this book, you will be armed with practical, proven techniques that will help you be more effective in all your business dealings.

"Andy Bounds taught me more about effective presenting than a lady who'd previously taught two US presidents."
