Falls in Older People: Risk Factors and Strategies for Prevention Stephen R. Lord, Catherine Sherrington, Hylton B. Menz, Jacqueline C. T. Close

Since the first edition of this very successful book was written to synthesise and review the enormous body of work covering falls in older people, there has been an even greater wealth of informative and promising studies designed to increase our understanding of risk factors and prevention strategies. This second edition, first published in 2007, is written in three parts: epidemiology, strategies for prevention, and future research directions. New material includes recent studies covering: balance studies using tripping, slipping and stepping paradigms; sensitivity and depth perception visual risk factors; neurophysiological research on automatic or reflex balance activities; and the roles of syncope, vitamin D, cataract surgery, health and safety education, and exercise programs. This edition will be an invaluable update for clinicians, physiotherapists, occupational therapists, nurses, researchers, and all those working in community, hospital and residential or rehabilitation aged care settings.

From reader reviews:

David Browning:

The experience that you get from Falls in Older People: Risk Factors and Strategies for Prevention may be the more deep you excavating the information that hide inside words the more you get serious about reading it. It doesn't mean that this book is hard to know but Falls in Older People: Risk Factors and Strategies for Prevention giving you joy feeling of reading. The article author conveys their point in specific way that can be understood by anyone who read the idea because the author of this reserve is well-known enough. This book also makes your vocabulary increase well. That makes it easy to understand then can go along, both in printed or e-book style are available. We suggest you for having this Falls in Older People: Risk Factors and Strategies for Prevention instantly.

Enoch Dutton:

Information is provisions for anyone to get better life, information today can get by anyone at everywhere. The information can be a information or any news even restricted. What people must be consider any time those information which is inside former life are challenging be find than now is taking seriously which one is suitable to believe or which one often the resource are convinced. If you have the unstable resource then you obtain it as your main information we will see huge disadvantage for you. All of those possibilities will not happen inside you if you take Falls in Older People: Risk Factors and Strategies for Prevention as your daily resource information.

Keith Devine:

Playing with family in a park, coming to see the coastal world or hanging out with pals is thing that usually you will have done when you have spare time, after that why you don't try issue that really opposite from that. 1 activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Falls in Older People: Risk Factors and Strategies for Prevention, it is possible to enjoy both. It is excellent combination right, you still desire to miss it? What kind of hang-out type is it? Oh occur its mind hangout men. What? Still don't get it, oh come on its named reading friends.

Frances Wiggins:

As a student exactly feel bored in order to reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just minor students that has reading's soul or real their passion. They just do what the educator want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Falls in Older People: Risk Factors and Strategies for Prevention can make you experience
