## The Possibility of Snow Al Riske

An engaging, lyrical, and, at times, disturbing novel, *The Possibility of Snow* tells the story of a once-promising friendship. Steve and Neil room together at a small college in New England, until things go strangely wrong. Steve is eccentric, slightly paranoid, and too perceptive for his own good. He knows the difference between what people say and what they do. Neil is reflective, sincere, and not as together as he seems. There's not much he's sure of anymore. They know each other very well and understand each other not at all.
