ABC of Asthma (ABC Series) John Rees, Dipak Kanabar, Shriti Pattani

Asthma is a common condition with increasing prevalence. This new edition of the highly regarded *ABC of Asthma* has been thoroughly revised with reference to the latest British Thoracic Society guidelines on the management of asthma in children and adults. It covers the advances in practice and methods, with a new emphasis on delivery systems, self-dose assessment and delivery of care with different pharmacological approaches.

The *ABC of Asthma* is a concise, up-to-date overview of all aspects of asthma and includes two new chapters focussing on GP practice issues including clinical management and organisation of asthma care. It is ideal for GPs, junior doctors and medical students, nurses, and anyone dealing with the treatment of asthma in children and adults.
