## **Action Science (Jossey-Bass Social and Behavioral Science Series / Jossey-Bass Management Series)**

Chris Argyris, Robert Putnam, Diana McLain Smith

In this new book, Chris Argyris and his colleagues present the first comprehensive account of the principles and methods of action science. Action science is an approach to social and organizational inquiry that is designed to generate knowledge that is both theoretically valid and practically useful. Action science can be used to solve problems, enhance human development and learning, and promote individual, organizational, and social change.
