**Equilibrium: Episode 2 CS Sealey**

**As their empire faces crushing defeat, the Ronnesian mages are forced to make an impossible choice.**

Three years since the last of the twelve legendary mages were revealed, the politics of war have shifted. Determined to try for unity, King Samian reaches out to the Ronnesians with an offer of marriage, a bloodless end to the war and a vision for a peaceful future. Yet Queen Sorcha is wary of deception.

While politics governs the leaders, others are moving in secret to deal the Ayons a fatal blow, in the hope of tipping the balance permanently in the Ronnesians' favor.

But instead of faltering, the Ayons swiftly retaliate and the first wave comes crashing down. As the northern defences strain and begin to buckle under the force of the crimson army, the Ronnesian mages are forced to break the unwritten rule to save their empire from destruction.
