To Infinity and Beyond First Tale of the Trinity: The Soul Crackers Religionon₆, a global religious enterprise, claims that it can take you on a spiritual journey to infinity and beyond. Rock star Dell Englund is convinced and persuades his wife to join. However, when Dell's money runs out, Religionon₆ runs him out and keeps his wife. Roni is not seeking spiritual highs but joins only because of Dell's insistence. However, when the "new reality" sets in, Religionon₆ is suddenly in the driver's seat. As Dell's faith begins to falter, he tries to convince Roni to escape with him but it's too late; she's hooked and will not leave. In an effort to force her release, he stirs up public opinion against Religionon₆, but the cult launches a vicious counterattack. Going underground, Dell becomes a warrior for life as he attempts to rescue Roni from the iron tentacles of a corrupt criminal enterprise masquerading as a religion. He learns that when the law is terrified of bringing a corrupt cult to justice for fear of retaliation and the fallout from violating its so-called religious freedom, nothing can arrest its quest for world domination; nothing, except the dedication, determination, and pure grit of a handful of former members; heroes who know the truth ... the whole truth ... and cannot be shuddered into silence. Welcome to the debut of a new genre of literature called cult fiction, where nothing is as it seems, and where truth and reality make strange bedfellows.
